**INDEPENDENT AUDITOR'S REPORT**

To the Members of **TONBO IMAGING INDIA PRIVATE LIMITED**,

**Report on the Audit of the Ind AS Financial Statements**

**Opinion**

We have audited the accompanying Ind AS financial statements of **TONBO IMAGING INDIA PRIVATE LIMITED** ("the Company"), which comprise the Balance Sheet as at 31<sup>st</sup> March 2024, the Statement of Profit and Loss (including other comprehensive income), the cash flow statement and the statement of change in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the Ind AS financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 ("Ind AS"), as amended and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024, and its profit, total comprehensive income, changes in equity and its cash flows for the year ended on that date.

**Basis for Opinion**

We conducted our audit in accordance with Standards on Auditing (SA's) specified u/s 143 (10) of the Act. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Ind AS Financial Statements section of our report. We are independent of the Company according to Code of ethics issued by Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Ind AS financial statements under the provisions of the Companies Act, 2013 and the rules made there under and we have fulfilled our other ethical requirements and code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

**Other Information**

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the Ind AS financial statements and our auditor's report thereon.

Our opinion on the Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Ind AS financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

## **Responsibility of Management and Those Charged with Governance for the Ind AS Financial Statements**

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone Ind AS financial statements that give a true and fair view of the financial position, financial performance, including other comprehensive income, changes in equity and cash flows of the Company in accordance with accounting principles generally accepted in India, including Indian Accounting Standards (Ind AS) prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate implementation and maintenance of accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Ind AS financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

## **Auditor's Responsibilities for the Audit of the Ind AS financial statements**

Our responsibility is to express an opinion on these Ind AS financial statements based on our audit.

We have taken into account the provisions of the act, the accounting and auditing standards and matters which are required to be included in the report under the provisions of the act and rules made thereunder.

Our objectives are to obtain reasonable assurance about whether the Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide management a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

## Report on other Legal and Regulatory Requirements

As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), as amended, issued by the Central Government of India in term of sub-section (11) of section 143 of the Act, we give in "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the order, to the extent applicable,

As required by section 143(3) of the Act, we report that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- b) In our opinion proper books of account as required by law have been kept by the Company so far as appears from our examination of those books.
- c) The Balance Sheet, the Statement of Profit and Loss, and the statement of cash flows and statement of changes in Equity dealt with by this Report are in agreement with the books of accounts.
- d) In our opinion, the aforesaid Ind AS financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act, read with Rules issued thereunder.
- e) On the basis of written representations received from the directors as on 31 March, 2024, taken on record by the Board of Directors, none of the directors is disqualified as on 31 March, 2024, from being appointed as a director in terms of Section 164(2) of the Act;
- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure B".
- g) With respect to other matters to be included in the Auditor's report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion, Section 197 read with the Schedule V of the Act is not applicable to Company.
- h) With respect to the other matters to be included in the Auditor's report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014 in our opinion and to the best of our information and according to the explanation given to us:
  1. The Company does not have any pending litigations which would impact its financial position.
  2. The Company did not have any long-term contracts including derivatives contracts for which there were any material foreseeable losses.
  3. There were no amounts which required to be transferred to the Investor Education and Protection Fund by the Company.
  4. (i) The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.  
(ii) The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.  
(iii) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
5. The Company has not declared or paid dividends during the year, hence no compliance with section 123 of the Companies Act, 2013 is applicable.

6. Based on the examination which included test checks, carried out in accordance with the implementation guidance on reporting on Audit Trail under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 issued by ICAI, we report that the Company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit, we did not come across any instance of audit trail feature being tampered with. As proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable from April 1, 2023, reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 on preservation of audit trail as per the statutory requirements for record retention is not applicable for the financial year ended 31st March 2024.

**“Annexure A” to the Independent Auditors’ Report of even date on Ind AS financial statements of Tonbo Imaging India Private Limited**

Referred to in paragraph 1 under the heading ‘Reports on Other Legal & regulatory Requirement’ of our report of even date to the financial statements of the Company for the year ended March 31, 2024:

- i. (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant & Equipment (PPE);  
(b) The Company has maintained proper records showing full particulars of intangible assets.  
(c) The PPE have been physically verified by the management in a phased manner, designed to cover all the items over a period of three years, which in our opinion, is reasonable having regard to the size of the Company and nature of its business. Pursuant to the program, a portion of the PPE has been physically verified by the management during the year and no material discrepancies between the books records and the physical PPE have been noticed.  
(d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company does not have any immovable property.  
(e) According to information and explanation given to us, the Company has not revalued its property, plant and equipment or intangible assets during the year.  
(f) There are no proceedings against the Company for holding any benami property under Benami Transactions (Prohibition) Act, 1988 and rules made there under.
- ii. (a) According to information and explanation given to us, the management of the Company has conducted physical verification of inventory at reasonable intervals and no material discrepancies were noticed on such physical verification during the year.  
(b) According to information and explanation given to us, the Company has been sanctioned working capital limits in excess of INR 5 crore, in aggregate, during the year, from banks on the basis of security of current assets. Quarterly return & statement filed by the Company with such banks or financial institution are materially in agreement with books of account of the Company.
- iii. According to information and explanation given to us, the Company has not made any investment in, provided any guarantee or security or granted any loans or advances, secured or unsecured to companies, firms, Limited Liability partnerships or other parties covered in the Register maintained under section 189 of the Act. Accordingly, the provisions of clause 3 (iii) (a) to (c) of the Order are not applicable to the Company and hence not commented upon.
- iv. The Company has not given any loan, guarantee and security to Directors or any other person in whom Director is interested. Accordingly, the provisions of section 185 and 186 of the Act in respect of loans, investment, guarantees and security are not applicable to the Company and hence not commented upon.
- v. The Company has not accepted any deposits from the public and hence the directives issued by the Reserve Bank of India and provisions of section 73 to 76 or any other relevant provisions of the Act and The Companies (Acceptance of Deposit) Rules, 2015 with regard to the deposits accepted from the public are not applicable.
- vi. As informed to us, the maintenance of Cost Records has not been specified by the Central Government under sub-section (1) of Section 148 of the Act, in respect of the activities carried on by the Company.
- vii. (a) According to the information and explanations given to us and on the basis of our examination of books of accounts and records, the Company is generally regular in depositing undisputed statutory dues including Income tax, Duty of Customs and any other applicable statutory dues with the appropriate authorities. According to the information and explanation given to us, no undisputed amounts payable in respect of the above were in arrears as at March 31, 2024 for the period of more than six months from the date on which they become payable.  
(b) According to the information and explanation given to us, there are no disputed outstanding statutory dues as at 31<sup>st</sup> March, 2024.
- viii. There are no transactions that were not recorded in the books of account which were surrendered or disclosed as income during the year in the tax assessments under Income Tax Act, 1961. Hence clause 3 (viii) of the Order is not applicable.

- ix. (a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not defaulted in repayment of loans or other borrowings or in the payment of interest thereon to any lender.  
(b) According to the information and explanations given to us, the Company has not been declared as willful defaulter by any bank or financial institution or other lender.  
(c) According to the information and explanations given to us, term loans were applied for the purpose for which the same were obtained.  
(d) In our opinion and according to the information and explanation given to us, the Company has not raised any funds on short term basis which have been utilized for long term purposes. Accordingly, the provisions of Clause 3(ix) of the order are not applicable to the Company.  
(e) On an overall examination of the financial statements of the Company, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries, associates or joint ventures.  
(f) The Company has not raised loans during the year on the pledge of securities held in its subsidiaries, joint ventures or associate companies.
- x. (a) On the basis of examination of relevant records and according to the information and explanations given to us, the Company has not raised moneys by way of initial public offer or further public offer including debt instruments during the year. Accordingly, the provisions of Para 3(x)(a) of the Order are not applicable to the Company.  
(b) The Company has not made any preferential allotment or issued any convertible debentures during the year under review. However, the Company has made three preferential allotments of shares on a private placement basis and has issued Non-Convertible Debentures and the requirements of section 42 of the Companies act have been complied with. Further, the funds raised have been used for the purpose for which they were raised.
- xi. (a) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us, we have not come across any instance of fraud by the Company or on the Company by its officers or employees, noticed or reported during the year, nor have we been informed of such case by the Management.  
(b) We have not filed any report under sub-section (12) of section 143 of the Companies Act in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government.  
(c) The Company has not received any whistle-blower complaints during the year.
- xii. The Company is not a 'Nidhi Company'; Therefore, Para 3(xiii) of the Companies (Auditor's Report) Order 2020 is not applicable to the Company.
- xiii. On the basis of examination of relevant records and according to the information and explanations given to us, all transactions with the related parties are in compliance with sections 177 and 188 of Act, where applicable. The Company has disclosed the details of transactions with related parties in the financial statements as required by the applicable accounting standards.
- xiv. The compliance of internal audit is not mandated as per Section 138 of the Companies act for the Company and hence not commented upon.
- xv. During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us, the Company has not entered into any non-cash transactions with its directors or persons connected with him. Accordingly, the provisions of section 192 of the Companies act, 2013 are not applicable to the Company.
- xvi. On the basis of examination of relevant records and according to the information and explanations given to us, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934 and accordingly, the provisions of clause 3 (xvi) of the Order are not applicable to the Company.
- xvii. In our opinion and according to the information and explanation provided to us, the Company has not incurred cash losses during the current financial year and in the immediately preceding financial year.

- xviii. During the year there has not been any resignation of statutory auditors. Accordingly, paragraph 3(xviii) of the order is not applicable.
- xix. According to the information and explanations given to us and on the basis of financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans we are of the opinion that no material uncertainty exists as on the date of the audit report that Company is capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date.
- xx. There are no unspent amounts towards Corporate Social Responsibility (CSR) on other than ongoing projects requiring a transfer to a Fund specified in Schedule VII to the Companies Act in compliance with second proviso to sub-section (5) of section 135 of the said act.

## **“Annexure B” to the Auditor’s Report**

### **Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013:**

We have audited the internal financial controls over financial reporting of **Tonbo Imaging India Private Limited** (“the Company”) as of March 31, 2024, in conjunction with our audit of the financial statements of the Company for the year ended on that date.

#### **Management’s Responsibility for Internal Financial Controls:**

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the guidance note on audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (‘ICAI’). These responsibilities include the design, implementation, and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

#### **Auditor’s Responsibility:**

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the guidance note on audit of Internal Financial Control over Financial Reporting (the “Guidance Note”) and the standards on auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of Internal Financial Controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those standards and the guidance note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

#### **Meaning of Internal Financial Controls Over Financial Reporting:**

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. It includes those policies and procedures that

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and
- (3) provide reasonable assurance regarding the prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

#### **Inherent limitations of Internal Financial Controls over Financial Reporting:**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

**Opinion:**

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting, and such internal financial controls over financial reporting were operating effectively as of March 31, 2024, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

**Background**

Tonbo Imaging India Private Limited was incorporated on 18 December, 2003, as a private limited company under the provisions of the Companies Act, 1956 as Sarnoff Innovative Technologies Private Limited. The registered office of the Company is in Bangalore.

The Company engages in providing vision technology based products and solutions.

The financial statements are authorized for issue by the Company's Board of Directors on May 24, 2024.

**MATERIAL ACCOUNTING POLICY INFORMATION**

**1 Material accounting policy information**

This note provides a list of material accounting policies adopted in the preparation of the Ind AS Financial Statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

**1.1 Statement of Compliance**

The Ind AS Financial Statements of the Company have been prepared in accordance with and comply in all material respects with Indian Accounting Standards ("Ind AS") notified under Section 133 of the Companies Act, 2013 ("the Act") read with the Companies (Indian Accounting Standards) Rules, 2015 and other relevant provisions of the Act, as amended.

**2 Basis of preparation of financial statements**

These standalone financial statements ('financial statements') have been prepared to comply in all material respects with the Indian Accounting Standard ('Ind AS') notified under section 133 of the Companies Act, 2013, read together with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016 issued by the Ministry of Corporate Affairs ('MCA').

The said financial statements for the year ended March 31, 2024 are the first Ind AS financial statements of the Company. The transition to Ind AS has been carried out from accounting standards notified under section 133 of the Companies Act 2013, read together with paragraph 7 of the Companies (Accounts) Rules, 2014 ('IGAAP'), which is considered as the Previous GAAP, for purposes of Ind AS 101.

The accounting policies, as set out in the following paragraphs of this note, have been consistently applied, by the Company, to all the periods presented in the said financial statements.

The financial statements are based on the classification provisions contained in Ind AS 1, 'Presentation of Financial Statements' and division II of schedule III of the Companies Act 2013. Further, for the purpose of clarity, various items are aggregated in the statement of profit and loss and balance sheet. Nonetheless, these items are dis-aggregated separately in the notes to the financial statements, where applicable or required.

All the amounts included in the financial statements are reported in lakhs of Indian Rupees ('Rupees' or '₹') and are rounded to the nearest lakh, except per share data and unless stated otherwise.

**2.1 Basis of Measurement**

The financial statements have been prepared on the accrual and going concern basis, and the historical cost convention except where the Ind AS requires a different accounting treatment.

**2.2 Fair value measurement**

Fair value is the price at the measurement date, at which an asset can be sold or paid to transfer a liability, in an orderly transaction between market participants. The Company's accounting policies require, measurement of certain financial / non-financial assets and liabilities at fair values (either on a recurring or non-recurring basis). Also, the fair values of financial instruments measured at amortised cost are required to be disclosed in the said financial statements.

The Company is required to classify the fair valuation method of the financial / non-financial assets and liabilities, either measured or disclosed at fair value in the financial statements, using a three level fair-value-hierarchy (which reflects the significance of inputs used in the measurement).

Accordingly, the Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

The three levels of the fair-value-hierarchy are described below:

Level 1: Quoted (unadjusted) prices for identical assets or liabilities in active markets

Level 2: Significant inputs to the fair value measurement are directly or indirectly observable

Level 3: Significant inputs to the fair value measurement are unobservable

**2.3 Functional and presentation currency**

Items included in the Ind AS Financial Statements of the Company is measured using the currency of the primary economic environment in which the Company operates (i.e., the "functional currency"). The Ind AS Financial Statements is presented in Indian Rupee, which is the functional as well as presentation currency of the Company.

All amounts in these Ind AS Financial Statements and notes have been presented in ₹ Lakhs rounded to two decimals as per the requirement of Schedule III of the Companies Act, 2013, unless otherwise stated. Transactions and balances with values below the rounding off norm adopted by the Company have been reflected as "0" in the relevant notes to this Ind AS Financial Statements.

**2.4 Property, Plant and Equipment**

All items of property, plant and equipment held for use in the production or supply of goods or services, or for administrative purposes, are stated in the balance sheet at cost less accumulated depreciation and accumulated impairment losses.

With respect to Ind AS financial statement for the financial year ended March 31, 2024, property, plant and equipment had been measured at deemed cost, using the net carrying value as per previous GAAP as at April 1, 2022.

NOTES TO ACCOUNTS

---

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. Subsequent costs relating to day-to-day servicing of the item are not recognised in the carrying amount of an item of property, plant and equipment; rather, these costs are recognised in profit or loss as incurred.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

**2.5 Depreciation methods, estimated useful lives and residual value**

Depreciation is recognized so as to write off the cost of assets less their residual values over their useful lives as prescribed under Part C of Schedule II of the Companies Act 2013, using the straight-line method, except in respect of leasehold improvement for which the company has estimated the useful life of Ten years based on the initial lease term. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis. Depreciation for assets purchased / sold during a period is proportionately charged for the period of use.

**2.6 Intangible assets**

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortization and accumulated impairment losses, if any. Amortization is recognized on a straight-line basis over their estimated useful lives. The estimated useful life and amortization method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

**2.7 Derecognition of intangible assets**

An intangible asset is derecognized on disposal, or when no future economic benefits are expected from continued use of intangible asset. Gains or losses arising from de-recognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, are recognized in statement of profit and loss when the asset is de-recognized.

**2.8 Impairment**

**i) Financial assets (other than at fair value)**

In accordance with Ind AS 109, the Company uses 'Expected Credit Loss' (ECL) model, for evaluating impairment of Financial Assets other than those measured at Fair Value Through Profit and Loss (FVTPL).

**2.9 Expected Credit Losses are measured through a loss allowance at an amount equal to:**

The 12-months expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within 12 months after the reporting date), if the credit risk on a financial instrument has not increased significantly; or

NOTES TO ACCOUNTS

---

Full lifetime expected credit losses (expected credit losses that result from all possible default events over the life of the financial instrument), if the credit risk on a financial instrument has increased significantly.

For trade receivables the Company applies 'simplified approach' which requires expected lifetime losses to be recognized from initial recognition of the receivables.

The Company uses historical default rates to determine impairment loss on the portfolio of trade receivables. At every reporting date these historical default rates are reviewed and changes in the forward-looking estimates are analyzed.

For other assets, the Company uses 12 month ECL to provide for impairment loss where there is no significant increase in credit risk. If there is significant increase in credit risk full lifetime ECL is used.

A financial asset is 'credit-impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

**2.10 Evidence that a financial asset is credit-impaired includes the following observable data:**

- significant financial difficulty of the borrower or issuer;
- a breach of contract such as a default or being past due for 90 days or more;
- the restructuring of a loan or advance by the Company on terms that the Company would not consider otherwise;
- it is probable that the borrower will enter bankruptcy or other financial reorganisation; or the disappearance of an active market for a security because of financial difficulties.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating expected credit losses, the Company considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Company's historical experience and informed credit assessment and including forward-looking information.

The Company considers a financial asset to be in default when:

- the borrower is unlikely to pay its credit obligations to the Company in full, without recourse by the Company to actions such as realising security (if any is held); or
- the financial asset is 90 days or more past due.

The gross carrying amount of a financial asset is written off (either partially or in full) to the extent that there is no realistic prospect of recovery. This is generally the case when the Company determines that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the Company's procedures for recovery of amounts due.

**2.11 Non-financial assets**

**Tangible and Intangible assets**

Property, Plant and equipment and intangible assets with finite life are evaluated for recoverability whenever there is an indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for cash generating unit (CGU) to which the asset belongs.

If the recoverable amount of an asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognized in the statement of profit and loss.

**2.12 Reversal of impairment loss**

Impairment losses recognized in prior periods are assessed at each reporting date for any indications that the loss has decreased or no longer exists.

An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortization, if no impairment loss had been recognized directly in other comprehensive income and presented within equity.

**2.13 Inventories**

Inventories comprise of Raw Materials and Finished Goods are stated at the lower of cost or net realizable value.

The cost of Raw materials included in inventory are determined on a FIFO cost basis and the cost of finished goods included in inventory is determined on full absorption cost method basis.

Cost comprises all costs of purchase including duties and taxes (other than those subsequently recoverable by the Company), freight inwards and other expenditure directly attributable to acquisition and to bring the inventories to its present location and condition. Cost of finished goods include cost of materials consumed and cost of conversion.

Net realizable value represents the estimated selling price for inventories less estimated cost necessary to make the sale.

NOTES TO ACCOUNTS

---

**2.14 Cash and cash equivalents**

The Company considers all highly liquid financial instruments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents. Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

**2.15 Borrowing cost**

Borrowing costs include:

- Interest expense calculated using the effective interest rate method,
- Finance charges in respect of finance leases, and
- Exchange differences arising from foreign currency borrowings to the extent that they are regarded as an adjustment to interest costs.

All other borrowing costs are recognized in the statement of profit and loss in the period of their accrual.

**2.16 Revenue recognition**

Revenue from contract with customer is recognized when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government. The Company has generally concluded that it is the principal in its revenue arrangements because it typically controls the goods or services before transferring them to the customer.

**Sale of products**

Revenue from the sale of products is recognized at the point in time when control is transferred to the customer, generally on dispatch/delivery of the goods or terms as agreed with the customer. The Company considers whether there are other promises in the contract that are separate performance obligations to which a portion of the transaction price needs to be allocated. Revenue excludes taxes collected from customers, which are subsequently remitted to governmental authorities.

**2.17 Other Income**

Other income comprises of interest income.

Interest income from a financial asset is recognized when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably.

**2.18 Foreign currency translation**

In preparing the Ind AS Financial Statements of the Company, transactions in currencies other than the entity's functional currency (foreign currencies) are recognised at the rates of exchange prevailing at the date of the transactions.

At the end of each reporting period, monetary items denominated in foreign currencies are translated at the rates prevailing at that date.

## 2.19 Employee benefits

### Short-term employee benefits

Employee benefits such as salaries, wages, bonus and performance linked rewards falling due wholly within twelve months of rendering the service are classified as short-term employee benefits and are expensed in the period in which the employee renders the related service. The obligations are presented as current liability in the balance sheet if the entity does not have an unconditional right to defer the settlement for at least 12 months after reporting date.

### Defined benefit plan

The liability or asset recognised in the balance sheet in respect of the retirement benefit plan i.e., gratuity plan is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated by an actuary using projected unit credit method.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligations.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of the plan assets. This cost is included in the employee benefit expense in the statement of profit and loss.

Remeasurements, comprising actuarial gains and losses and the effect of the changes to the asset ceiling (if applicable), is reflected immediately in the balance sheet with a charge or credit recognised in other comprehensive income in the period in which they occur and consequently recognised in retained earnings and is not reclassified to profit or loss.

The retirement benefit recognised in the balance sheet represents the actual deficit or surplus in the Company's defined benefit plans. Any surplus resulting from this calculation is limited to the present value of any economic benefits available in the form of reductions in future contributions to the plan.

### Defined contribution plans

Contributions to retirement benefit plans in the form of provident fund and pension scheme as per regulations are charged as an expense on an accrual basis when employees have rendered the service. The Company has no further payment obligations once the contributions have been paid.

## 2.20 Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax

### a) Current tax

The tax currently payable is based on estimated taxable income for the year in accordance with the provisions of the Income Tax Act, 1961. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

**b) Deferred Tax**

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in Ind AS Financial Statements and the corresponding tax bases used in the computation of taxable profit.

Deferred tax liabilities are generally recognized for all taxable temporary differences.

Deferred tax assets are generally recognized for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences, unused tax losses and unused tax credits can be utilized.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Deferred Tax related to Assets and Liabilities arising from a Single Transaction - Amendments to Ind AS 12:

The amendments should be applied to transactions that occur on or after the beginning of the earliest comparative period presented. In addition, at the beginning of the earliest comparative period presented, a deferred tax asset (provided that sufficient taxable profit is available) and a deferred tax liability should also be recognized for all deductible and taxable temporary differences associated with leases and decommissioning obligations for annual periods beginning on or after April 1, 2023.

**Current and deferred tax for the year**

Current and deferred tax are recognized in the Statement of profit and loss, except when they relate to items that are recognized in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognized in other comprehensive income or directly in equity respectively.

**2.21 Earnings per share**

The Company presents basic and diluted earnings per share (EPS) data for its ordinary shares.

Basic EPS is computed by dividing the profit or loss attributable to the ordinary shareholders of the company by the weighted average number of ordinary shares outstanding during the period. Where ordinary shares are issued but not fully paid, they are treated in the calculation of basic earnings per share as a fraction of an ordinary share to the extent that they were entitled to participate in dividends during the period relative to a fully paid ordinary share.

Diluted earnings per share is computed by dividing the net profit after tax by the weighted average number of equity shares considered for deriving basic EPS and also weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date. Dilutive potential equity shares are determined independently for each period presented.

#### 2.22 Provisions, Contingent Liabilities and Contingent Assets

Provisions are recognized if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. If the effect of the time value of money is material, provisions are discounted using a current pre tax rates that reflects, where appropriate, the risks specific to the liability. Where discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

Contingent liabilities are not recognized in the Ind AS Financial Statements but are disclosed in notes.

Contingent asset is neither recognized nor disclosed in the Ind AS Financial Statements.

#### 2.23 Financial Instruments

Financial assets and financial liabilities are recognized when the Company becomes a party to the contractual provisions of the instruments.

##### a) Financial Assets

Financial Assets comprises of investments in equity instruments, cash and cash equivalents, loans and other financial assets.

##### Initial Recognition

All financial assets are recognized initially at fair value plus, in the case of financial assets not recorded at fair value through Profit or Loss, transaction costs that are attributable to the acquisition of financial assets. Purchases or sales of financial assets that requires delivery of assets within a period of time frame established by regulation or convention in the market place (regular way trades) are recognized on the trade date, i.e., the date that the company committed to purchase or sell the asset.

##### Subsequent Measurement

##### i) Financial assets measured at amortized Cost

Financial assets are subsequently measured at amortized cost if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and where contractual terms of financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

ii) **Financial assets measured at fair value through Other Comprehensive Income (FVTOCI)**

Financial Assets that are held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of financial assets give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding are subsequently measured at FVTOCI. Fair and interest on the principal amount outstanding are subsequently measured at FVTOCI. Fair Value movements in financial assets at FVTOCI are recognized in Other Comprehensive Income.

iii) **Financial assets measured at fair value through Profit or Loss (FVTPL):**

Financial Assets are measured at FVTPL if it does not meet the criteria for classification as measured at amortized cost or at FVTOCI. All fair value changes are recognized in the Statement of Profit and Loss.

**De-recognition of Financial Assets:**

Financial Assets are derecognized when the contractual rights to cash flows from the financial assets expire or the financial asset is transferred and the transfer qualifies for de-recognition. On de-recognition of the financial assets in its entirety, the difference between the carrying amount (measured at the date of de-recognition) and the consideration received (including any new asset obtained less any new liability assumed) shall be recognized in the Statement of Profit and Loss.

**b) Financial Liabilities**

The Company's financial liabilities includes following:

- Borrowing from Banks
- Borrowing from Others
- Trade Payables
- other financial Liabilities

**Classification**

The Company's financial liabilities are measured at amortized cost.

**Initial Recognition and Measurement**

Financial Liabilities are initially recognized at fair value plus transaction costs (if any), which are attributable to acquisition of the financial liabilities.

**Subsequent Measurement**

Financial liabilities are subsequently measured at amortised cost using the Effective Interest Rate. The Effective Interest Rate Method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including transaction costs and other premiums or discounts) through the expected life of the financial liability.

**De-recognition of Financial Liabilities**

Financial liabilities shall be derecognized when, and only when, it is extinguished i.e. when the obligation specified in the contract is discharged or cancelled or expires.

**c) Offsetting of Financial assets and Financial Liabilities**

Financial assets and Financial Liabilities are offset and the net amount is presented in Balance Sheet when, and only when, the Company has legal right to offset the recognized amounts and intends either to settle on the net basis or to realize the assets and liabilities simultaneously.

**d) Reclassification of Financial Instruments**

The Company determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are categorized as equity instruments at FVTOCI, and financial assets or liabilities that are specifically designated as FVTPL.

**2.24 Share Capital**

Ordinary Shares are classified as equity. Incremental costs directly attributable to the issue of new ordinary shares or share options are recognized as a deduction from equity, net of any tax effects.

**2.25 Leases**

The Company assesses at contract inception whether a contract is, or contains, a lease i.e., if the contract conveys the right to control the use of an identified asset for a period in exchange of consideration.

**Company as a lessee**

Leases are recognised as a right-of-use asset and a corresponding liability at the date at which the leased asset is available for use by the Company. Contracts may contain both lease and non-lease components.

**Lease liabilities**

Assets and liabilities arising from a lease are initially measured on a present value basis. Lease liabilities include the net present value of the lease payments.

The lease payments are discounted using the lessee's incremental borrowing rate or fixed government bond or deposit rate. Lease payments are allocated between principal and finance cost. The finance cost is charged to profit or loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

**2.26 Right-of-use assets**

Right-of-use assets are measured at cost comprising the amount of the initial measurement of lease liability and lease payments made before the commencement date.

Right-of-use assets are depreciated over the lease term on a straight-line basis. Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, and lease payments made at or before the commencement date less any lease incentives received.

2.27 Fair Value Measurement

A number of Company's accounting policies and disclosures require the determination of fair value, for both financial and non-financial assets and liabilities. Fair value is the price that would be received on sell of an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability takes place either in the principal market for the asset or liability or in the absence of a principal market, in the most advantageous market for the asset or liability. The principal market or the most advantageous market must be accessible to the Company.

The fair value of an asset or liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the Ind AS Financial Statements are categorized within the fair value hierarchy based on the lowest level input that is significant to the fair value measurement as a whole. The fair value hierarchy is described as below:

- a) Level 1 - unadjusted quoted prices in active markets for identical assets and liabilities.
- b) Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
- c) Level 3 - unobservable inputs for the asset or liability.

For assets and liabilities that are recognized in the Ind AS Financial Statements at fair value on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization at the end of each reporting period.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of fair value hierarchy.

Fair values have been determined for measurement and/or disclosure purposes based on the following methods. When applicable, further information about the assumptions made in determining fair values is disclosed in the notes specific to that asset or liability.

- a) Investment in equity and debt securities

The fair value is determined by reference to their quoted price at the reporting date. In the absence of quoted price, the fair value of the financial asset is measured using valuation techniques.

b) Trade and other receivables

The fair value of trade and other receivables is estimated as the present value of future cash flows, discounted at the market rate of interest at the reporting date. However, in respect of such financial instruments, fair value generally approximates the carrying amount due to short term nature of such assets.

2.28 Current/ non- current classification

An asset is classified as current if:

- a) It is expected to be realized or sold or consumed in the Company's normal operating cycle;
- b) It is held primarily for the purpose of trading;
- c) It is expected to be realized within twelve months after the reporting period; or It is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is classified as current if:

- a) It is expected to be settled in normal operating cycle;
- b) It is held primarily for the purpose of trading;
- c) It is expected to be settled within twelve months after the reporting period;
- d) It has no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between acquisition of assets for processing / trading / assembling and their realization in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

2.29 Cash flow statement

Cash flows are reported using indirect method, whereby net profits before tax are adjusted for the effects of transactions of a non-cash nature and any deferrals or accruals of past or future cash receipts or payments and items of income or expenses associated with investing or financing cash flows. The cash flows from regular revenue generating (operating activities), investing and financing activities of the Company are segregated.

2.30 Critical accounting judgments and key sources of estimation uncertainty

The preparation of Ind AS Financial Statements in conformity with Ind AS requires the management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, the disclosures of contingent assets and contingent liabilities at the date of Ind AS Financial Statements, income and expense during the period. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. However, uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of the asset or liability affected in future periods.

NOTES TO ACCOUNTS

---

Estimates and underlying assumptions are reviewed on an on-going basis. Revisions to accounting estimates are recognized in the periods in which the estimates are revised and in future periods which are affected.

In the process of applying the Company's accounting policies, management has made the following judgments and estimates, which have the most significant effect on the amounts recognized in the Ind AS Financial Statements.

Definition of Accounting Estimates - Amendments to Ind AS 8 :

The amendments clarify the distinction between changes in accounting estimates and changes in accounting policies and the correction of errors. Also, they clarify how entities use measurement techniques and inputs to develop accounting estimates.

The amendments are effective for annual reporting periods beginning on or after April 1, 2023 and apply to changes in accounting policies and changes in accounting estimates that occur on or after the start of that period. Earlier application is permitted as long as this fact is disclosed.

The following are areas involving critical estimates and judgments:

**Judgements:**

- Taxes
- Contingencies
- Leases

**Estimates:**

- Property, Plant & Equipment
- Employee benefit plans
- Fair value measurement of financial instruments

**Taxes**

Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies, including estimates of temporary differences reversing on account of available benefits from the Income Tax Act, 1961.

Deferred tax assets are recognized for unused tax credits to the extent that it is probable that taxable profit will be available against which the losses can be utilized. Significant management judgment is required to determine the amount of deferred tax assets that can be recognized, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

**Contingencies**

**Contingent liabilities**

In the normal course of business, contingent liabilities may arise from litigation and other claims against the Company. Potential liabilities that are possible but not probable of crystallizing or are very difficult to quantify reliably are treated as contingent liabilities. Such liabilities are disclosed in the notes but are not recognised. Potential liabilities that are remote are neither recognized nor disclosed as contingent liability. The management judgement is involved in classification under 'remote', 'possible' or 'probable' which is carried out based on expert advice, past judgements, experiences etc.

**Leases**

The company recognizes the leased asset as well as a liability equal to the present value of the lease payments. To calculate the present value of the lease payments, the company uses the incremental borrowing rate or the rate of interest that would have been charged if the company had borrowed the funds to purchase the asset or Government secured deposit rate. Identifying the incremental borrowing rate requires judgment and may involve assessing factors such as the Company's creditworthiness, market conditions, and the term of the lease.

**Property, Plant & Equipment**

**Impairment**

The value in use calculation requires the directors to estimate the future cash flows expected to arise from the respective asset category and a suitable discount rate in order to calculate present value. Where the actual future cash flows are less than expected, an impairment loss which is material in nature is accounted for.

**Useful lives**

The Company reviews the useful life of property, plant and equipment at the end of each reporting period. This assessment may result in change in the depreciation expense in future periods.

**Employee benefit plans**

**Defined benefit plans and other long-term employee benefits**

The present value of obligations under defined benefit plan and other long term employment benefits is determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual development in the future. These include the determination of the discount rate, future salary escalations, attrition rate and mortality rates. Due to the complexities involved in the valuation and its long term nature, these obligations are highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date. Information about the various estimates and assumptions made in determining present value of defined benefit obligation are disclosed in notes to accounts.

**Fair value measurement of financial instruments**

When the fair value of financial assets and financial liabilities recorded in the Balance Sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is required in establishing fair value. Judgments include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions relating to these factors could affect the reported fair value of financial instruments.

**Rights, preferences and restrictions attached to the equity shares**

The Company has one class of equity shares having a par value of Rs.10 each. Each shareholder is eligible for one vote per share held. Dividends proposed by the Board of Directors are subject to the approval of the shareholders in the ensuing Annual General Meeting, except in case of interim dividend. In the event of liquidation, the equity shareholders are eligible to receive the remaining assets of the Company after distribution of all preferential amounts, in proportion to their shareholding.

**Rights, preferences and restrictions attached to the Preference Shares**

The Series A Preference shares are compulsorily convertible, cumulative, preference shares of the Company. The conversion ratio is 1:1. The preference shares would be convertible into equity shares at the option of the Series A preference shareholders at any time within 20 (twenty) years from the date of allotment i.e. 6 June 2011 for 59,884 shares and 19 January 2012 for 48,093 shares. These shares carry a cumulative dividend of 10 (ten) percent per annum and entitled to participate in the distributable profits of the Company prorata with equity shareholders. In the event of liquidation, the preference shareholders are entitled to receive such amount that shall be available for distribution after distribution of the liquidation proceeds to Series C and Series C1 investors.

The Series B Preference shares are compulsorily convertible, cumulative, preference shares of the Company. The conversion ratio is 1:1. The preference shares would be convertible into equity shares at the option of the Series B preference shareholders at any time within 20 (twenty) years from the date of allotment i.e. 15 January 2019. These shares carry a cumulative dividend of 10 (ten) percent per annum and entitled to participate in the distributable profits of the Company prorata with equity shareholders. In the event of liquidation, the preference shareholders are entitled to receive such amount that shall be available for distribution after distribution of the liquidation proceeds to Series C and Series C1 preference shareholders.

The Series B1 Preference shares are compulsorily convertible preference shares of the Company. The Series B1 preference shares are convertible at a 15% discount to the fair value of the equity shares of the Company prevailing as on the date of conversion or on the date of allotment i.e. May 31, 2022, of such preference shares, whichever is higher. The Series B1 preference shares are not redeemable. These shares carry a non-cumulative dividend of 0.001 (zero -point zero one) percent per annum. These are non-participatory and will not be entitled to participate in the distributable profits of the Company. In the event of liquidation, the Series B1 preference shareholders shall rank pari passu with Series C preference shareholders.

The Series C Preference shares are compulsorily convertible preference shares of the Company. The preference shares are convertible 1:1 subject to such adjustments as stated in the shareholders agreement. The Series C preference shares are not redeemable and would be convertible into equity shares at the option of the Series C preference shareholders at any time within 20 (twenty) years from the date of allotment i.e. 11 April 2023 for 64,700 shares and 21 July 2023 for 47,456 shares. These shares carry a cumulative dividend of 0.01 (zero point zero one) percent per annum and entitled to participate in the distributable profits of the Company. In the event of liquidation, the preference shareholders are entitled to receive an amount equal to the investment amount in preference to the Series A and Series B preference shareholders and shall rank pari passu with Series C1 preference shares.

The Series C1 Preference shares are compulsorily convertible preference shares of the Company. The preference shares are convertible 1:1 subject to such adjustments as stated in the shareholders agreement. The Series C1 preference shares are not redeemable and would be convertible into equity shares at the option of the Series C1 preference shareholders at any time within 20 (twenty) years from the date of allotment i.e. March 31, 2024. These shares carry a cumulative dividend of 0.01 (zero point zero one) percent per annum and entitled to participate in the distributable profits of the Company. In the event of liquidation, the preference shareholders are entitled to receive an amount equal to the investment amount in preference to the Series A and Series B preference shareholders and shall rank pari passu with Series C preference shares.

c Employee Stock Option Plan

The Company's ESOP is administered and managed through a trust, Serial Innovations Employee Stock Option trust, formed for the purpose in 2008. The Company issues shares to the trust from time to time and grants credit to enable the trust to purchase the said shares. The stock option scheme is equity settled, where employees are granted options with a graded vesting over a period of four years. Upon vesting the employees are eligible to convert the options into equity shares. The options normally expire at the end of 8 years from the vesting date. At the grant date the Company estimates the fair value of the options expected to vest at the end of the vesting period and the share based compensation is recognized with a corresponding credit to a Stock option outstanding Account

On exercise of the options, proportionate shares held by the Trust are transferred to the said employee, who pays the exercise price to the Trust. The shares so transferred / issued to the employees are considered to have been issued at a consideration comprising the exercise price and the corresponding amount standing to the credit of Stock Option Outstanding Account. Accordingly an amount equivalent to the value of the option exercised is transferred from the Stock Option outstanding account to the Share Premium account

## 31 Company as a Lessee

The details of the right-of-use assets held by the Company is as follows:

Leasehold land Buildings	31-Mar-24	31-Mar-23	01-Apr-22
Opening Balance	389.14	389.14	389.14
Additions	623.45	-	-
Derecognition			
Accumulated Depreciation	154.90	59.87	-
Translation exchange differences	-	-	-
Closing Balance	857.69	329.27	389.14

The reconciliation of lease liabilities for the year ended is as follows:

Particulars	31-Mar-24	31-Mar-23	01-Apr-22
Balance as at beginning of the year	351.38	389.14	389.14
Additions	623.45	-	-
Amounts recognized in statement of profit and loss	43.68	27.01	-
Payment of lease liabilities	110.72	64.77	-
Derecognition	110.72	64.77	-
Translation exchange differences	-	-	-
Balance as at end of the year	907.79	351.38	389.14

The lease rental expense relating to short-term leases recognized in the statement of profit and loss for the year amounted to Rs. 110.72 Lakhs

The following table presents a maturity analysis of expected undiscounted cash flows for lease liabilities:

Particulars	31-Mar-24	31-Mar-23	01-Apr-22
Within one year	60.64	52.21	44.61
One to two years	69.97	60.64	52.21
Two to three years	80.28	69.97	60.64
Three to five years	43.67	80.28	69.97
Thereafter	-	43.67	123.95
Total lease liabilities	254.56	306.77	351.38

Certain lease agreements include options to terminate or extend the leases. The lease agreements do not contain any material residual value guarantees or material restrictive covenants.

**32 A. Defined contribution plans**

The Company has defined contribution retirement benefit plans for its employees.

The Company's contributions to provident fund, pension scheme and employee state insurance scheme are made to the relevant government authorities as per the prescribed rules and regulations. The Company's contributions to the above defined contribution plans are recognised as employee benefit expenses in the statement of profit and loss for the year in which they are due

The Company's contribution to provident, pension, superannuation funds and to employees state insurance scheme aggregating to Rs. 80.94 Lakhs (Previous year - Rs. 31.45 Lakhs ) has been recognised in the statement of profit and loss under the head employee benefits expense [Refer Note 27]

Particulars	Year ended	Year ended	Year ended
	31st March, 2024	31st March, 2023	1st April, 2022
Contribution to provident fund, included under contribution to provident and other funds	80.94	31.45	16.90

**B. Defined benefit plans****Gratuity and Leave Encashment**

The Company offers gratuity plan for its qualified employees which is payable as per the requirements of Payment of Gratuity Act, 1972. The benefit vests upon completion of five years of continuous service and once vested it is payable to employees on retirement or on termination of employment. In case of death while in service, the gratuity is payable irrespective of vesting.

**Risk exposure to defined benefit plans**

The plans typically expose the Company to actuarial risks such as: Investment risk, Liquidity risk and Market risk.

**Actuarial risk:**

It is the risk that benefits will cost more than expected. This can arise due to one of the

**Adverse Salary Growth Experience:** Salary hikes that are higher than the assumed salary escalation will result into an increase in Obligation at a rate that is higher than expected.

**Variability in mortality rates:** If actual mortality rates are higher than assumed mortality rate assumption than the Gratuity Benefits will be paid earlier than expected. Since there is no condition of vesting on the death benefit, the acceleration of cash flow will lead to an actuarial loss or gain depending on the relative values of the assumed salary growth and discount rate.

**Variability in withdrawal rates:** If actual withdrawal rates are higher than assumed withdrawal rate assumption than the Gratuity Benefits will be paid earlier than expected. The impact of this will depend on whether the benefits are vested as at the resignation date.

**Investment risk:**

For funded plans that rely on insurers for managing the assets, the value of assets certified by the insurer may not be the fair value of instruments backing the liability. In such cases, the present value of the assets is independent of the future discount rate. This can result in wide fluctuations in the net liability or the funded status if there are significant changes in the discount rate during the inter-valuation period.

**Liquidity risk:**

Employees with high salaries and long durations or those higher in hierarchy, accumulate significant level of benefits. If some of such employees resign/retire from the company there can be strain on the cash flows.

**Market risk:**

Market risk is a collective term for risks that are related to the changes and fluctuations of the financial markets. One actuarial assumption that has a material effect is the discount rate. The discount rate reflects the time value of money. An increase in discount rate leads to decrease in Defined Benefit Obligation of the plan benefits & vice versa. This assumption depends on the yields on the corporate/government bonds and hence the valuation of liability is exposed to fluctuations in the yields as at the Valuation Date.

The following table sets out the status of the Gratuity plan and Leave Encashment

Particulars	Gratuity Plan			Leave Encashment Plan		
	31-Mar-24	31-Mar-23	01-Apr-22	31-Mar-24	31-Mar-23	01-Apr-22
<b>a Statement of profit and loss</b>						
Current Service cost	26.11	10.82	5.78	31.48	8.32	4.69

Current defined benefit obligations	-2.08	-4.34	0.04	3.78	3.50	1.13
Non-current defined benefit obligations	-68.40	-32.78	17.79	43.04	16.17	10.76
<b>c Changes in present value of the defined benefit obligations are as follows:</b>						
Opening defined benefit obligations	-37.12	-17.83	-9.91	19.68	11.89	7.55
Current service cost	-26.11	-10.82	-5.78	31.48	8.32	4.69
Interest cost	-2.46	-1.36	-0.71	-	-	-
Re-measurement gains (losses) in OCI	-13.69	-7.11	-1.43	-	-	-
Actuarial changes arising from changes in demographic assumptions	-	-	-	-	-	-
Actuarial changes arising from changes in financial assumptions	-	-	-	-	-	-
Experience adjustments	-	-	-	-	-	-
Benefits paid	8.90	-	-	-4.34	-0.53	-0.35
Closing defined benefit obligations	-70.48	-37.12	-17.83	46.82	19.68	11.89
<b>d Changes in fair value of the plan assets are as follows:</b>						
Opening fair value of plan assets	-	-	-	-	-	-
Interest income	-	-	-	-	-	-
Contributions	-	-	-	-	-	-
Re-measurement gains (losses) in OCI	-	-	-	-	-	-
Benefits paid	-	-	-	-	-	-
Closing fair value of plan assets	-	-	-	-	-	-

The overall expected rate of return on assets is determined based on the market prices prevailing on that date, applicable to the period over which the obligation is to be settled.

e The principal assumptions used in determining gratuity for the Company's plans are shown below:

	31-Mar-24	31-Mar-23	01-Apr-22	31-Mar-24	31-Mar-23	01-Apr-22
Discount rate	7.23%	7.54%	7.60%	7.23%	7.54%	7.60%
Estimated Rate of salary increases	10%	10%	10%	10.00%	10.00%	10.00%
Attrition Rate	9%	9%	9%	9.00%	9.00%	9.00%
Expected rate of return on assets	0%	0%	0%	0.00%	0.00%	0.00%

We understand that level of inflation, career promotions, productivity gains and other relevant factors, such as supply and demand in the employment market are factored in the assumption of future salary increases.

No allowance has been made for discretionary payments in the assumptions as the company has not notified such practices

	31-Mar-24	31-Mar-23	31-Mar-24	31-Mar-23
<b>Discount Rate</b>				
Impact of increase	-12.86%	-12%	-12.84%	-12.15%
Impact of decrease	15.93%	15%	16.14%	15.30%
<b>Salary Escalation Rate</b>				
Impact of increase	10.33%	10.84%	15.08%	14.32%
Impact of decrease	-9.68%	-11.00%	-12.26%	-11.63%
<b>Mortality Rate</b>	-0.08%	-0.10%	-0.14%	-0.12%
<b>Attrition Rate</b>				
Impact of increase	-3.79%	-3.98%	-4.34%	-3.18%
Impact of decrease	4.27%	4.56%	4.99%	4.42%

We have used P.U.C method. If an employee's service in later years will lead to a materially higher level of benefit than in earlier years, these benefits are attributed on a straight-line basis. The limitations are that in assessing the change other parameters are kept constant. As some of the assumptions may be correlated, it is unlikely that changes in assumptions will occur in isolation of one another.

There is no change from the previous period in the methods and assumptions used in the preparation of above analysis, except that the base rates have changed.

f The defined benefit obligations are expected to mature after March 31, 2024 as follows:

Year Ending 31st March	As at 31-03-2024		As at 31-03-2024	
	PV	Actual Value	PV	Actual Value
2024	2.08	2.19	2.28	2.46
2025	2.11	2.39	2.12	2.45
2026	1.79	2.16	1.95	2.41
2027	2.25	2.92	2.87	3.92
2028	1.44	2.00	1.60	2.28
Thereafter	10.67	17.75	10.83	20.14

Weighted average duration for the payment of these cash flows 19.83%

Deferred Income	-	-	-	-
Others	-	25.96	-	25.96

**(i) Fair Value Hierarchy**

The fair value hierarchy is based on inputs to valuation techniques that are used to measure fair value that are either observable or unobservable and consists of the following three levels:

- Level 1 : Inputs are Quoted (unadjusted) market prices in active markets for identical assets or liabilities. This includes quoted equity instruments, investments in mutual funds that have quoted price.
- Level 2 : Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable. This includes unquoted floating and fixed rate borrowing.
- Level 3 : Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

**(ii) Valuation technique used to determine fair value**

Specific valuation techniques used to value financial instruments include:

- the fair value of the financial instruments is determined using discounted cash flow analysis.

**(iii) Valuation process**

The finance department of the Company includes a team that performs the valuations of financial assets and liabilities required for financial reporting purposes, including level 3 fair values.

The main level 3 inputs for security deposits is discounted using risk free rate adjusted for appropriate level of risk premium.

**(iv) Fair value of financial assets and liabilities measured at amortised cost**

The carrying amounts of trade receivables, trade payables and cash and cash equivalents are considered to be the same as their fair values, due to their short term nature.

The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximize the use of observable market data and rely as little as possible on entity specific estimate.

For other financial assets and liabilities that are measured at fair value, the carrying amounts are equal to the fair value.

**c Fair value of financial assets and liabilities measured at amortized cost**

The Management has assessed that fair value of loans, trade receivables, cash and cash equivalents, other bank balances, other financial assets, trade payables and other financial liabilities approximate their carrying amounts largely due to their short-term nature. Difference between carrying amount of Bank deposits, other financial assets, borrowings and other financial liabilities subsequently measured at amortised cost is not significant in each of the years presented.

**34 Financial Risk Management**

The Company's board of directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The board has established the key management personnel, which is responsible for developing and monitoring the Company's risk management policies. The key management personnel holds regular meetings and report to board on its activities.

The Company's risk management policies are established to identify and analysis the risks faced by the Company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities. The Company, through its training and management standards and procedures, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations.

The board of directors oversee how key management personnel monitors compliance with the Company's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Company.

This note explains the sources of risk which the entity is exposed to and how the entity manages the risk.

Exposure arising from	Risk	Measurement	Management of risk
a Cash and cash equivalents, loans, Financial assets measured at amortized cost.	Credit risk	Aging analysis	Diversification of funds to bank deposits, Liquid funds and Regular monitoring of credit limits.
b Borrowings and other liabilities	Liquidity risk	Rolling Cash flow forecasts	Availability of surplus cash, committed credit lines and borrowing facilities
c Borrowed fund at Interest Rate	Market risk	Cash flow forecasting Sensitivity analysis	Regular monitoring to keep the net exposure at an acceptable level.

**A Credit risk**

Credit risk arises from cash and cash equivalents, instruments carried at amortised cost and deposits with banks, as well as credit exposures to customers including outstanding receivables.

**i) Cash and Cash Equivalents**

Credit risk on cash and cash equivalents and other deposits with banks is limited as the Company generally invests in deposits with banks with high credit ratings assigned by external credit rating agencies; accordingly the Company considers that the related credit risk is low.

**ii) Trade receivables**Exposures to credit risk

The Company is exposed to the counterparty credit risk arising from the possibility that counterparties might fail to comply with contractual obligations. This exposure may arise with regard to unsettled amounts.

Credit risk management

Credit risk is managed and limited in accordance with the type of transaction and the creditworthiness of the counterparty. The Company has established criteria for admission, approval systems, authorisation levels, exposure measurement methodologies, etc. The concentration of credit risk is limited due to the fact that the customer base is large.

Age of receivables and expected credit loss

The Company has not provided any expected credit loss allowance based on aging of the days the receivables are due. As a result of which there is no allowance for doubtful debts for the year ended 31/3/2024. The concentration of credit risk is very limited due to the fact that the large customers are mainly government entities and remaining customer base is large and widely dispersed.

**B Liquidity risk**

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

Management monitors monthly rolling forecasts of the Company's liquidity position and cash and cash equivalents on the basis of expected cash flows. This is generally carried in accordance with standard guidelines. The Company has liquidity reserves in the form of highly liquid assets in the form of cash and cash equivalent, deposit accounts, etc.

**C Market risk**

Market risk is the risk arising from changes in market prices such as interest rates will affect the Company's income or the value of its holdings of financial instruments. Market risk is attributable to all market risk sensitive financial instruments including long term debt. The Company is exposed to market risk primarily related to interest rate risk and the market value of the investments. Thus, the exposure to market risk is a function of investing and borrowing activities and revenue generating and operating activities.

**D Foreign currency risk**

The Company is exposed to foreign exchange risk arising from foreign currency transactions, USD being its prime foreign currency. Foreign exchange risk arises from future commercial transactions and recognised assets and liabilities denominated in a currency that is not the Company's functional currency (INR). The risk is measured through a forecast of highly probable foreign currency cash flows.

**i) Foreign currency risk exposure**

The following foreign currency exposures have not been hedged by derivative instruments or otherwise at the balance sheet date:

Nature of Exposure:	Currency	March 31, 2024		March 31, 2023		April 1, 2022	
		In Foreign Currency	In Rs. Lakhs	In Foreign Currency	In Rs. Lakhs	In Foreign Currency	In Rs. Lakhs
Receivables in foreign currency							
- Trade Receivables	USD	64,22,625	5,352.62	7,58,034	622.42	16,93,590.35	1,285.44
- Noncurrent Investments	USD	-	-	-	-	-	-

- Advances from Customers	USD	6,82,174	560.13	6,82,174	560.13	-	-
- Advances from Customers	EURO	1,14,835	103.47	-	-	-	-
	USD	1,69,02,605	14,078.24	12,30,295	605.14	27,392	20.79
	EURO	1,82,155	164.12	2,64,060	235.73	360	0.30

## ii) Sensitivity

The sensitivity of profit and loss to changes in the exchange rates arises mainly from foreign currency denominated financial instruments and the impact on other components of equity arises from foreign forward exchange contracts designated as cash flow hedges.

Particulars	Impact on profit after tax		
	March 31, 2024	March 31, 2023	April 1, 2022
<b>USD Sensitivity</b>			
INR/USD - Increase by 2 % (March 31, 2023 - 2%)*	-146.98	-7.51	27.14
INR/USD - Decrease by 2 % (March 31, 2023 - 2%)*	146.98	7.51	-27.14
<b>EURO Sensitivity</b>			
INR/EURO - Increase by 2 % (March 31, 2023 - 2%)*	-2.78	-4.71	-0.01
INR/EURO - Decrease by 2 % (March 31, 2023 - 2%)*	2.78	4.71	0.01
<b>CHF Sensitivity</b>			
INR/CHF - Increase by 2 % (March 31, 2023 - 2%)*	0.99	0.12	-

<b>GBP Sensitivity</b>			
INR/GBP - Increase by 2 % (March 31, 2023 - 2%)*	0.06	-	-
INR/GBP - Decrease by 2 % (March 31, 2023 - 2%)*	-0.06	-	-

\* Holding all other variable constant

## E Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's debt obligations with floating interest rates and investments. However the company's does not have any borrowings with floating rate of interest.

All of the Company's borrowings are on a fixed rate of interest. The Company has exposure to interest rate risk, arising principally on changes in Marginal Cost of Funds based Lending Rate (MCLR). The Company uses a mix of interest rate sensitive financial instruments to manage the liquidity and fund requirements for its day to day operations like short term credit lines besides internal accruals.

The exposures of the Company's financial liabilities at the end of the reporting period are as follows:

Particulars	March 31, 2024		April 1, 2022
	March 31, 2024	March 31, 2023	2022
Fixed rate Borrowings	9,635.89	4,101.96	4,232.21
Floating rate Borrowings	-	-	-

45 Ratio Analysis Particulars	31-Mar-24	31-Mar-23	Change in %	Reason for Variance
(i) Current ratio	1.27	1.17	8.55%	Variance is primarily due to an increase in the inventory being held for on going orders
(ii) Debt-Equity ratio	0.42	1.37	-69.34%	Variance is due to equity infusion of 132cr to fund the growth of business
(iii) Debt service coverage ratio	1.85	0.20	825.00%	Variance is due to exponential growth in the business and profits
(iv) Return on equity ratio	0.53	0.04	1225.00%	Variance is due to exponential growth in the business and profits
(v) Inventory turnover ratio	5.66	3.60	57.22%	Variance is due to a 4 fold increase in the revenues in the current year, while the inventory position did not proportionately
(vi) Trade receivables turnover ratio	6.35	3.30	92.42%	Variance is due to a 4 fold increase in the revenues in the current year, while the trade receivable position did not proportionately
(vii) Trade payables turnover ratio	11.93	5.46	118.50%	Variance is due to a 4 fold increase in the revenues in the current year, while the trade payables position did not proportionately
(viii) Net capital turnover ratio	3.29	3.30	-0.30%	
(ix) Net profit ratio	16%	1%	1320.17%	Variance is due to minimal increase in cost of goods sold and other operating expenses compared to increase in sales.
(x) Return on capital employed	0.44	0.29	54.27%	The increase is due to the increase in sales as compared to the previous year.
(xi) Return on investment	0.30	0.04	714.18%	The increase is due to the increase in profits as compared to the previous year.

No comments are given where the % change is less than 5%

**46 First time adoption of Ind AS**

The adoption of Ind AS is carried out in accordance with Ind AS 101 on April 1, 2022 being the transition date. Ind AS 101 requires that all Ind AS standards that are issued and effective for the year ending March 31, 2024, be applied retrospectively and consistently for all the periods presented. However, in preparing these financial statements, the Company has availed of certain exemptions and exceptions in accordance with Ind AS 101, as explained below. The resulting difference between the carrying values of the assets and liabilities in the financial statements as at the transition date under Ind AS and previous GAAP have been recognised directly in equity at the transition date.

In these financial statements, the Company has presented three balance sheets - as of March 31, 2024, March 31, 2023 and April 1, 2022. The Company has also presented two statements of profit and loss, two statements of changes in equity and two statements of cash flows for the year ended March 31, 2024 and March 31, 2023 along with the necessary and related notes.

Ind AS 101 allows first-time adopters certain optional exemptions and mandatory exceptions from the retrospective application of certain requirements under Ind AS.

**Optional exemptions****Deemed cost for Property and Plant and Equipment.**

Ind AS 101 permits a first-time adopter to elect to continue with the carrying value for all of its property, plant and equipment as recognised in the financial statements as at the date of transition to Ind AS, measured as per the previous GAAP and use that as its deemed cost as at the date of transition after making necessary adjustments for de-commissioning liabilities. This exemption can also be used for intangible assets covered by Ind AS 38 Intangible Assets.

Accordingly, the Company has opted to measure all of its property, plant and equipment at their previous GAAP carrying value.

**Designation of previously recognised financial instruments**

Ind AS 101 allows an entity to designate investments in equity instruments at Fair Value on the basis of the facts and circumstances at the date of transition to Ind AS. The company has elected to apply cost as the fair value of its investments in Equity Instruments.

**Mandatory exceptions to retrospective application of other Ind AS****Estimates**

An entity's estimates in accordance with Ind AS at the date of transition to Ind AS shall be consistent with estimates made for the same date in accordance with Previous GAAP (after adjustments to reflect any differences in accounting policies) unless there is an objective evidence that those estimates were in error.

The Company has not made any changes to estimates made in accordance with Previous GAAP. Ind AS 109 - Financial Instruments (Derecognition of previously recognized Financial Assets/ Financial Liabilities). An entity shall apply the derecognition requirements in Ind AS 109 prospectively for the transactions occurring on or after date of transition to Ind AS. The Company has no Derecognition of previously recognized Financial Assets/ Financial Liabilities and it has applied the derecognition requirements prospectively.

**Ind AS 109 "Financial Instruments" (Classification and Measurement of Financial Assets/ Financial Liabilities)**

Classification and measurement of Financial Instruments shall be made on the basis of the facts and circumstances that exist at the date of transition to Ind AS.

The Company has evaluated the facts and circumstances existing on the date of transition to Ind AS for the purpose of classification and measurement of Financial instruments and accordingly has classified and measured financial instruments on the date of transition.

**Ind AS 109 "Financial Instruments" (Impairment of Financial Assets):**

Impairment requirements under Ind AS 109 should be applied retrospectively based on reasonable and supportable information that is available on the date of transition without undue cost or effort.

The Company has not recognised any impairment of financial asset during the year.

**Remeasurements of post-employment benefit obligations**

Under Ind AS, remeasurements i.e. actuarial gains and losses and the return on plan assets, excluding amounts included in the net interest expense on the net defined benefit liability are recognised in other comprehensive income instead of profit or loss. Under the previous GAAP, these remeasurements were forming part of the profit or loss for the year.

**Retained earnings**

Retained earnings as at April 1, 2022 has been adjusted consequent to the above Ind AS transition adjustments.

**Other comprehensive income**

Under Ind AS, all items of income and expense recognised in a period should be included in profit or loss for the period, unless a standard requires or permits otherwise. Items of income and expense that are not recognised in profit or loss but are shown in the statement of profit and loss includes remeasurements of defined benefit plans. The concept of other comprehensive income did not exist under previous GAAP.

Add / (Less): Recognition of Current Secured debentures	-21.20	-
Total Equity (Shareholders' funds) as per Ind AS	2,991.67	2,881.46

## Notes to Reconciliation

## Deferred tax

Under previous GAAP, deferred taxes were recognised for the tax effect of timing differences between accounting income and taxable income for the year i.e., income statement approach. However, under Ind AS - 12 "deferred taxes" are computed for temporary differences between the carrying amount of an asset or liability in the balance sheet and the respective tax base i.e. balance sheet approach.

## Remeasurement of gratuity recognised in other comprehensive income

Under Ind AS, the actuarial gains and losses form part of remeasurement of the net defined benefit liability / asset and are recognised in other comprehensive income. Under previous GAAP, actuarial gains and losses were recognised in statement of profit and loss.

## Right-of-use asset

Ind AS 116 requires a lessee to recognise assets and liabilities for all leases subject to recognition exemptions.

Thus, Right-of-use asset is recognised at cost which includes present value of lease payments adjusted for any payments made on or before the commencement of lease and initial direct cost, if any. It is subsequently measured at cost less accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. Right-of-use asset is depreciated using the straight-line method from the commencement date over the earlier of useful life of the asset or the lease term

Similarly, Lease liability is recognised at present value of lease payments that are not made at the commencement of lease. Lease liability is subsequently measured by adjusting carrying amount to reflect interest, lease payments and remeasurement, if any.

## Fair valuation of security deposits

Under the previous GAAP, the Company had accounted for security deposits at the undiscounted value. In contrast, Ind AS requires that where the effect of time value of money is material, the amount of security deposits should be the present value of the amount expected to be received. The difference arising out of such discounting as at the date of transition has been adjusted against retained earnings.

## Expected credit loss

Under the previous GAAP, the Company use to measure provision on doubtful debts based on estimate. Ind AS requires that the company to recognise a loss allowance based on lifetime ECLs at each reporting date. However, the Company has not created a provision for doubtful debts in current Financial year. As a result of it, there is no ECL recognised by the Company.

## 47 Taxation

## a) Current Tax:

The Company has calculated its tax liability after considering the provisions of law relating to New Tax Regime under section 115BAA as per the Provisions of Income Tax Act 1961. Hence the provisions of Minimum Alternative Tax (MAT) are not applicable from Financial year 2023-24. The Income tax provision for the year is included under the head 'Current Liabilities - Provisions'.

## b) Transfer Pricing

The Finance Act, 2001, has introduced, with effect from assessment year 2002-03 (effective April 1, 2001), detailed Transfer Pricing regulations for computing the income from 'international transactions' between 'associated enterprises' on an 'arm's length' basis. These regulations, inter alia, also require the maintenance of prescribed documents and information including furnishing a report from an Accountant within the due date of filing the Return of Income.

The Management is of the opinion that its international transactions with associated enterprises are at arm's length and accordingly the aforesaid legislation will not have any impact on the financial statements, particularly on the tax liability.
